

## History Intent

Learning to learn	<p>Our intent for History follows the purpose of study and the aims of the national curriculum. Our children will have knowledge of historical events past living memory and understand the long lasting impact it has had on the world around them.</p> <p>We want our children to; be inspired about past events and the impact they have had; to develop resilience and perseverance; to ask perceptive questions; and find the answers using a range of resources.</p>
Integration and application	<p>Children will have the opportunity to make purposeful links between periods in history and present day. They will have the opportunity to look at the process of change over time and how this has affected relationships between different groups.</p> <p>We will give the children opportunities to explore a range of different resources to carry out historic enquiries and use a range of evidence.</p>
Understanding and caring for the world around us	<p>Children will engage in real life scenarios based on past events. They will care about the monumental moments in time and understand the lasting impact these have had.</p>
